WEB DEVELOPER

+2349159208437

ifunanyaijah2005@gmail.com

Trans-ekulu, Enugu

<http://ifunanyaijah.github.io/portfolio>

## PROFILE

Aspiring web developer currently pursuing a degree in university with a strong foundation in web technologies. Developed several full featured applications including a weather dashboard using REST APIs and an e-commerce shopping cart system. Quick learner with a passion for problem-solving and clean code, seeking an internship opportunity to grow under experienced mentorship and contribute to meaningful projects.

## PROJECTS

### WEATHER APP

Demo: <https://weather-app-2-eta.vercel.app/>

GitHub: <https://github.com/Ifunanyaijah/Weather-app>

- Built a responsive weather dashboard that fetches real-time weather data from OpenWeather API
- Optimized API calls with error handling and loading states for better UX
- Tech Stack: HTML5, CSS3, React, REST API, Async/Await

### FACEBOOK UI CLONE

Demo: [https://ifunanyaijah.github.io/Facebook\\_clone/](https://ifunanyaijah.github.io/Facebook_clone/)

Github: [https://github.com/Ifunanyaijah/Facebook\\_clone](https://github.com/Ifunanyaijah/Facebook_clone)

- Recreated FaceBook's core UI with attention to detail
- Built a responsive sidebar, navigation, and post composer
- Designed with mobile first approach for cross-browser compatibility
- Tech Stack: HTML5, CSS3, JavaScript

### SHOPPING CART

Live Demo: <https://shopping-cart-teal-mu.vercel.app/>

Github: <https://github.com/Ifunanyaijah/Shopping-Cart>

- Designed a fully functional e-commerce interface with shopping Cart system
- Implemented Cart Functionality: add/remove items, update quantities, calculate totals
- Created product filtering by search function
- Tech Stack: HTML5, CSS3, React

## EDUCATION

2021-2026

UNIVERSITY OF NIGERIA,  
NSUKKA

- B.Sc in Medical Radiography

## SKILLS

- Front-end: HTML5, CSS3, JavaScript(ES6), React, Bootstrap
- Tools: Git/GitHub, VS Code, Figma

## CERTIFICATES

### IT FUNDAMENTALS
